Curing with Care...

CERTIFIED CENTRE OF EXCELLENCE IN PROCTOLOGY

INTRODUCTION

- Healing Hands Clinic is a state-of-the-art Proctology center equipped with advanced treatment facilities for anorectal conditions.
- In a time when huge multi-specialty hospitals are dominating the health service scenario, HHC has made its own mark, becoming the first and only set-up in India to establish Proctology as a super specialty.
- We believe that focusing on a restricted subject enables one to understand it in depth and master it, thus improving the quality of treatment, which in turn optimizes patient satisfaction.
- With the advent of internet and social media, a doctor today has an added challenge of dealing with a patient who is not a 'layman' but a well-informed, legally armed individual. It seems wise then, to be the Jack of one trade and Master of the same!

FOUNDER AND CHIEF SURGEON

DR ASHWIN PORWAL

- Graduated (**MBBS**) from B.J. Medical College, Pune
- Post-graduated (**DNB**) in **General Surgery** from Poona Hospital and Research Centre (first attempt)
- **Diploma in Proctology** from Clinica Madonna Della, Rome
- Attained **Certified Training in Pelvic Floor Disorders** under the guidance of world renowned colorectal surgeon, Dr Antonio Longo, Italy.
- Holds a **Diploma in Laparoscopic Surgery** from EITS-IRCAD, France
- Has **Certified Training in Wound Management** from Madeleine Flanagan University, Hertfordshire, UK

CLINICAL ACHIEVEMENTS

Performed the first STARR Surgery for Chronic Constipation in Maharashtra

Introduced Leonardo Laser in India for the treatment of anorectal disorders

Performed the first POPS (Pelvic Organ Prolapse Suspension) Surgery in India

Has performed the maximum number (>600) of STARR surgeries in Asia

CLINICAL ACHIEVEMENTS

The maximum number of Stapler Haemorrhoidopexies (>3500) in Asia have been conducted at Healing Hands Clinic

Introduced MANOMETRY and BIOFEEDBACK for treatment of fecal and urinary incontinence.

Introduced MRI Defecography for the first time in Pune

TILL DATE >40,000 CASES OF ANORECTAL DISORDERS HAVE BEEN SATISFACTORILY TREATED AT HHC.

ACADEMIC ACHIEVEMENTS

PUBLISHED MORE THAN 22 COLOPROCTOLOGY RESEARCH PAPERS AND PARTICIPATED IN 18 GLOBAL RESEARCH STUDIES AS A PRINCIPLE INVESTIGATOR.

Note worthy ones include:

- Selected amongst international speakers at World Congress of Coloproctology in Rome, 2011. Presented a paper on 'Piles and Constipation in Indian scenario.'
- Invited as a faculty at ACRSICON (Association of Colorectal Surgeons of India-Conference) as a speaker on STARR Surgery.
- Presented an abstract on 'Obstructed Defecation Syndrome cured with STARR procedure – A case series of 100 consecutive patients', at 3rd ECTA Meet, Singapore in 2013
- Presented an abstract on 'Stapler Hemorrhoidopexy alone vs Stapler Hemorrhoidopexy and Mucopexy for Grade 3 Internal Haemorrhoids: A Prospective Observational Study', at 8th ESCP Scientific and Annual Meeting, Belgrade. This was published in Colorectal Disease – The Official Journal of the Association of Coloproctology of Great Britain and Ireland(Volume 15, Supplement 3, Oct 2013)

ACADEMIC ACHIEVEMENTS

- Invited as faculty at ACRSICON 2013 (Association of Colo-Rectal Surgeons of India Conference) as a SPEAKER on Obstructed Defecation Syndrome
- Presented paper on 'Stapled Hemorrhoidopexy– Successful results from case series 3000 patients treated at a single centre in India', at European Society of Colo-Proctology – Barcelona 2014.
- Author for 'A Case Series of 500 ODS Patients Operated at India's Largest Proctology Clinic' –Published in World Journal of Colorectal Surgery, Volume 6-Issue 1
- Presented a research paper on 'Outcome of DLPL procedure:A novel technique for complex ano-inguinal fistula', at Worldcon 2017.

INNOVATION

- Dr Porwal devised his own technique DLPL (Distal Laser Proximal Ligation) for the treatment of Complex Fistula. He has presented papers on the same at various conferences and the acceptance by the surgical community has been rather encouraging
- On account of his vast experience in treating piles, he added his own technique called Horizontal Mucopexy to Stapler Hemorrhoidopexy which significantly brings down the post-op bleeding and recurrence
- He is currently working on his own technique for treating full thickness rectal prolapse (Procidentia) using Trans Anal Rectal Resection

FROM DR PORWAL'S DESK...

I have always believed that a candle loses nothing by lighting another candle, it only spreads the illumination. Likewise, it has been an honor and my absolute pleasure to guide fellow surgeons in the field of Proctology. It is my privilege to share with them the intricacies and different facets of this field, that I learnt from long hours at the consultation and operation table!

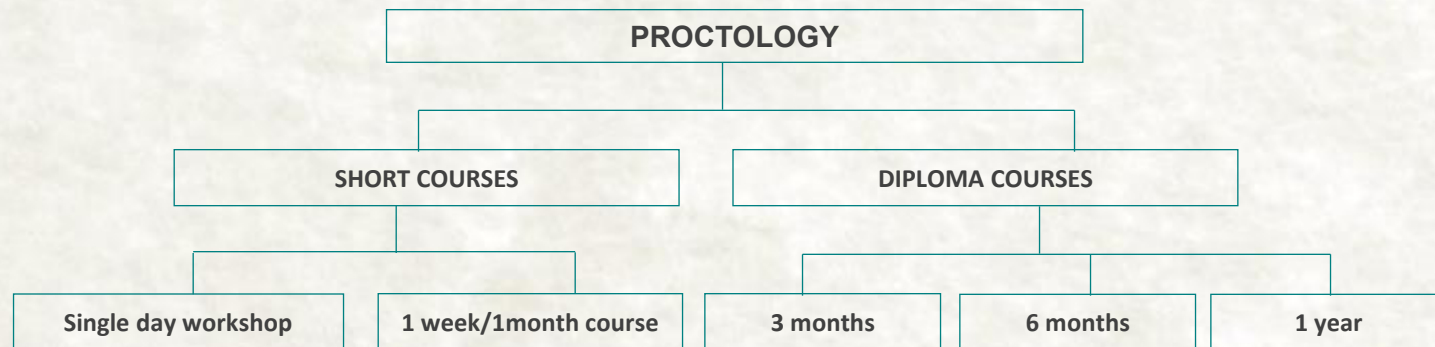

The training introduces the concept of Clinical Quality Improvement (CQI) by adopting innovative and advanced techniques. Live workshops ensure that we go beyond theoretical knowledge and explore and experience the realms of practicality. Another important aim is to create an affordable unified certification in Proctology to surgeons across the globe, and eventually start an international registry.

Looking forward to your kind support and earnest participation.

COURSE DETAILS

We regularly conduct training workshops/courses in:

***The Diploma courses are certified by Dr Antonio Longo (inventor of MIPH technique for Hemorrhoids and STARR Surgery for ODS/Prolapse) and Dr Ashwin Porwal.

The Proctology training includes:

- Haemorrhoids
 - LHP (Laser Haemorrhoidoplasty)
 - MIPH (Minimally Invasive Procedure for Haemorrhoids)
 - Medical management
- Fistula
 - FiLaC (Fistula Laser Cure)
 - DLPL (Distal Laser Proximal Ligation)
 - Fistulectomy
- Fissure
 - Laser Sphincterotomy
 - MCDPA
- Chronic Constipation
 - Medical management with MCDPA
 - STARR Surgery
 - Biofeedback

The Proctology training includes:

- Rectal Prolapse
 - STARR Surgery
 - Biofeedback

- Pelvic Organ Prolapse
 - POPS (Pelvic Organ Prolapse Suspension) Surgery

- Pilonidal Sinus
 - LPP (Laser PilonidoPlasty)

- Perianal Abcess
 - Surgical drainage

- Incontinence
 - Sphincter Repair
 - Biofeedback
 - Magnetic Sphincter

Certificate of Excellence

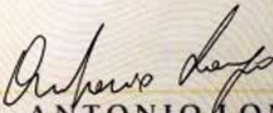

THIS IS TO CERTIFY THAT

Dr Antonio Longo
HAS CERTIFIED

Dr Ashwin Porwal's Healing Hands Clinic
AS

Centre of Excellence in Proctology
(Piles, Prolapse, Fistula, Constipation, ODS & Pelvic Floor Disorders)

DR. ANTONIO LONGO
Consultant ColoRectal Surgeon
Inventor of Stapler Surgery for Piles : MIPH
STARR Surgery for ODS
POPS for Pelvic Organ Prolapse

**CERTIFIED 'CENTRE OF EXCELLENCE IN PROCTOLOGY'
BY WORLD RENOWNED, COLORECTAL SURGEON
DR ANTONIO LONGO, ITALY.**

*Awarded the
Dadasaheb Phalke
Foundation Award '15
for Excellence in Healthcare.*

JITO CONNECT '16

*Dr Ashwin Porwal being presented
with the
'Young Entrepreneur Award'
at the hands of
Anupam Kher.*

**Moments of Respirare' 16
at the prestigious B.J. Medical College
Dr Ashwin Porwal sharing the dais with
her Excellency Hon. Smt. Pratibha Patil
(Former President of India)**

We value these FEEDBACKS

“

Thank you very much for the nicely organised workshop. I really appreciated the efforts to make this workshop successful. The number and varieties of cases are good and I really learnt a lot from the hands on training given by you.

Dr. Kalyan Kar

”

“

I thoroughly enjoyed this seminar, I was extremely impressed by the training. It was brilliant not to have to waste time travelling and to receive such a high quality training.

Dr Tikfu Gee

”

“

It was nice interacting with you all the members of Healing Hands Clinic. I learned a lot from Dr Ashwin Porwal My special regards to him

Dr Rajesh

”

“

Dear Team,

I was a great insight into the minds of Surgeons. Loved every minute. Really helpful..

Dr Ong kheng wah

”

“

Dear Healing Hands Team,

Thank you for such a wonderful training.

Dr V.Sutharshan

”

For enquires & co-ordination
